1. Introduction

St Joseph Multi Academy Trust aims to support the LA and ensure that all children who are unable to attend school due to medical needs, and who would not receive suitable education without such provision, continue to have access to as much education as their medical condition allows, to enable them to reach their full potential.

Due to the nature of their health needs, some children may be admitted to hospital or placed in alternative forms of education provision. We recognise that, whenever possible, pupils should receive their education within their school and the aim of the provision will be to reintegrate pupils back into school as soon as they are well enough.

We understand that we have a continuing role in a pupil's education whilst they are not attending the school and will work with the LA, healthcare partners and families to ensure that all children with medical needs receive the right level of support to enable them to maintain links with their education.

- 5.3. The school will provide support to pupils who are absent from school because of illness for a period of less than 15 school days by liaising with the pupil's parents to arrange schoolwork as soon as the pupil is able to cope with it or part-time education at school. The school will give due consideration to which aspects of the curriculum are prioritised in consultation with the pupil, their family and relevant members of staff.
- 5.4. For periods of absence that are expected to last for 15 or more school days, either in one absence or over the course of a school year, the named person with responsibility for pupils with health needs will notify the LA, who will take responsibility for the pupil and their education.

- 6.1. Where a pupil has a complex or long-term health issue, the school will discuss the pupil's needs and how these may be best met with the LA, relevant medical professionals, parents and, where appropriate, the pupil.

- 7.5. The school will consider whether any reasonable adjustments need to be made to provide suitable access to the school and the curriculum for the pupil.
- 7.6. For longer absences, the reintegration plan will be developed near to the pupil's likely date of return, to avoid putting unnecessary pressure on an ill pupil or their parents in the early stages of their absence.
